

Anya Wood – eLearning Education Manager, University Health Network

Anya Wood is the eLearning Education Manager at the University Health Network. In this corporate role she is responsible for leading the eLearning initiative for the hospital. Her areas of focus include eLearning implementation and evaluation, collaborative educational partnerships and the development of learning and training initiatives using emerging technologies. She is the author of several publications on technology based learning including a Brandon Hall report on emerging technologies in healthcare and a series on implementing e-learning in a healthcare environment. Anya also presents regularly at industry conferences.
